Objective:

I am Yasser Hamada, a Full Stack Developer with 5+ years of experience in building web applications and solving challenges to create exceptional user experiences. Proficient in JavaScript and React, I have delivered production-level projects and enjoy sharing knowledge as a programming instructor.

Education:

- Diploma in Full Stack Development (MEAN) – information technology institute (ITI) Asyut University, July 2019 (Grade: Excellent)
- Bachelor's degree in information technology, EELU Asyut university, June 2018 (Grade: Excellent)

Work Experience:

February 2025 – Present, Front-End Development Career Coach at EYouth

- Coaching participants in Round 1 and Round 2 of the Digital Egypt Pioneers Initiative (DEPI), launched and managed by the Ministry of Communications and Information Technology in Egypt. Focused on essential job search skills such as resume building, interview preparation, and networking.

October 2024 - Present, Full Stack (MERN) Instructor at EYouth

- Teaching modern Full Stack development, including ReactJS, NodeJS, and MongoDB, as part of Round 2 of the Digital Egypt Pioneers Initiative (DEPI), launched and managed by the Ministry of Communications and Information Technology in Egypt

October 2024 - Present, Front-End React.js Instructor at Stepslearning

- Delivering a structured curriculum covering HTML, CSS, JavaScript (basic to advanced), ES6, Bootstrap, and React, enabling students to transition from foundational to advanced front-end development.

September 2024 – Present, Front-End Development Career Coach at Elharefa

- Coaching participants in Round 1 and Round 2 of the Digital Egypt Pioneers Initiative (DEPI), launched and managed by the Ministry of Communications and Information Technology in Egypt. Focused on essential job search skills such as resume building, interview preparation, and networking.

May 2021 – June 2024, UI/UX Developer - React Developer at Brilliant Trend (Riyadh)

- Designing and building reusable React components to meet project requirements.
- Utilizing libraries such as Context API to efficiently manage application state.
- Implementing features like Code Splitting to enhance application performance.
- Using libraries like Tailwind CSS and Bootstrap for styling and design alignment.
- Fixing bugs and optimizing existing codes to enhance efficiency and maintainability.

March 2020 – April 2021, UI/UX Developer at Seven Dimensions (Riyadh)

- Converting designs into web pages using HTML5, CSS3, and JavaScript, ensuring compatibility across different screen sizes (Responsive Design).
- Enhancing visual performance and page load speed by optimizing images and leveraging modern CSS techniques.

Projects:

NANCO - [Visit Project](#)

- A Saudi brand specializing in custom kitchen design, offering innovative, modern, and functional solutions tailored to customer needs.

Tamayouz - [Visit Project](#)

- A Saudi company providing Cybersecurity, Data Management, and digital solutions aimed at optimizing operations and maximizing ROI for businesses.

Al-Ehsan Private Schools - [Visit Project](#)

- A premier educational institution in Riyadh, offering high-quality childcare services while fostering creativity, growth, and learning for children in a nurturing environment.

Brilliant Trend - [Visit Project](#)

- A full-service marketing agency that reimagines designs and crafts exceptional user experiences, delivering innovative and creative solutions across platforms.

Personal & Technical Skills:

ReactJS, Redux, AngularJS, JavaScript, ES6, TypeScript, JSON, JQuery, Bootstrap, HTML5, NodeJS, MongoDB, SQL, PHP, CSS3, Object Oriented Programming (OOP), Git.

Courses & Certificates:

- **Egypt FWD Initiative**, Web Development Challenger – 2021
- **1 million Arab Coders Initiative**, Front End Development – 2020
- **Information Technology Initiative (ITI)**, Full Stack Development (MEAN) - 2019
